BERKSHIRE
COUNTY

Welcome to the 2021 Berkshire Grown Guide to Local Food & Farms!

What a year! Change, loss, growth, connections – we could not have predicted any of it. We have the deepest gratitude for all the farmers who grow food for us, for the health care and front-line workers who keep us safe, for the grocery stores that stay open and well-stocked, for the restaurants that continually up their game to meet our needs, and for all the food pantries and meal sites that provide nutrition and support throughout the pandemic. Each time you buy local food, you support this incredible community and the Berkshire food economy.

Berkshire Grown's *Guide to Local Food and Farms* is the region's most comprehensive guide to farms, farmers markets, and restaurants offering local foods – use it to find farm stands, CSA farms, pick-your-own farms and orchards, as well as locally sourced value-added products like charcuterie, preserves, and fermented foods. We have added two new sections: a listing of farm stands in the Berkshire region and a reference section for the food pantries spread across the county.

Keep the *2021 Guide* handy and use it frequently! You can also find a digital version with a searchable map on the Berkshire Grown website: BerkshireGrown.org/Find-Food-and-Farms.

Thank you to all of you who have contributed generously to Berkshire Grown and many other organizations working throughout the pandemic to keep all of our community members fed. If you are not already a member, I hope you will be inspired to join Berkshire Grown and support our work as advocates for farmers and our local food system. Keep Farmers Farming!

Margaret Moulton
